BLUE ALCHEMY.

STORIES OF

Indigo

A feature-length documentary about indigo, a blue dye that has captured the human imagination for millennia.

It is also about remarkable people around the globe who are reviving indigo in projects that are intended to improve life in their communities, preserve cultural integrity, improve the environment, and bring beauty to the world.

There will be a chance to meet the Director and take part in a question and answer session.

Jenny Balfour-Paul, who advised on the film, will be present and will sign copies of her new book, *INDIGO: Egyptian Mummies to Blue Jeans*, for you.

Wine and nibbles from 18.15 hrs.

Tickets £6 at the door but please register on the web site below as space is limited
